Hi Deva,

Thanks so much for getting the meeting set up with incoming Deputy Secretary Rosen and the Advocates for Highway and Auto Safety Board of Directors. I just spoke with Michelle and it sounds like we are all set for this Wednesday, April 19th at 5:00 p.m. I am working on getting the final participant list compiled and will send that to you later today. In the meantime, I wanted to see if you could tell me how much time we will have for the meeting?

I also wanted to make sure that you had my contact information, including my cell which is (b) (6) You can reach me at any time on that number.

Thanks again for your assistance.

Contact: Peter Peyser (b) (6)

Background:

The Related Companies is developing a project on the West Side of Manhattan referred to as Hudson Yards. It is the largest mixed-used development currently underway in the country. The Hudson Yards is being developed over the railroad tracks and rail yard owned by the Metropolitan Transportation Authority that sits between Penn Station and the Hudson River. The buildings and open space that make up the Hudson Yards project are being built on platforms over the rail facilities. The Eastern part of the site is under construction now on a platform already constructed. (b) (4)

Geoff,

Congrats again on the DOT job. Very happy for you. They are lucky to have you.

I represent American Airlines, and our Executive Vice President for Corporate Affairs, Steve Johnson, would like to arrange a meeting with you. No heavy lifting, we would just like to make introductions, open a dialogue with you, and discuss American Airlines' priorities generally.

He is in town Tuesday and Wednesday next week if you have time or if not, let me know when would be convenient for you. Realize how busy you must be right now.

Look forward to working with you again.

Subject meeting with Delphi re automated vehicles (updated Delphi attendees)
Location ConfRm-HQ-W42-302
Show Time As Busy

Meeting purpose:

"...would appreciate the opportunity to meet with you to provide an update on Delphi's efforts to integrate automotive grade, end-to-end automotive technologies that offer solutions to some of new mobility's toughest challenges."

Attendees:

Mary Gustanski – Chief Engineer for Delphi Corporation
Rachelle Valdez, VP for Communications and Govt. Relations
James JD Derderian – President, The Stanton Park Group

Additional background provided by meeting requester:

Delphi is a global high-tech company that integrates safer, greener and more connected solutions for the automotive sector, investing more than $1.7 billion annually into engineering development initiatives. In the U.S., Delphi operates major manufacturing facilities, technical centers, and administrative facilities including a major innovation center in Indiana, as well as facilities in California, Michigan, Ohio, New York, Mississippi and Texas. Delphi's technology portfolio places it at the center of vehicle evolution and innovation, making products smarter and safer as well as more powerful and efficient. Delphi's solutions include electrical architectures that improve data network speed and performance, simplify connections, and reduce overall system cost; 48-volt, mild hybrid systems that reduce emissions without sacrificing power and performance; complete Level 4/5 fully autonomous drives system that will be available for 2019 production (in partnership with Mobilieye) for any vehicle platform; and wireless vehicle communications technology

AMERICAN OVERSIGHT

(V2X) that allows cars to talk with each other, the infrastructure and pedestrians around them to help reduce accidents and save lives.

As Delphi's Chief Engineer, Mary Gustanski leads Delphi's engineering team in the development of new vehicle technologies, and guides the integration of these sophisticated technologies into vehicles. Ms. Gustanski has almost forty years of experience in the automotive industry and as an automotive supplier. She is currently serving as a Member of the US DOT Advisory Committee on Automation in Transportation, and has twice been recognized on the prestigious list of the "100 Leading Women in the North American Auto Industry" which is issued by Automotive News every five years.

In addition to her strong understanding of technology trends in the automotive industry, Ms. Gustanski's role as Chief Engineer requires an appreciation for the end-to-end integration of vehicle systems and technologies which achieves Delphi's vision of making vehicles safer, greener, and more connected.

Subject: Meeting Request: On Behalf of Gov. Haley Barbour

Hi Geoff,

Thank you for following up on the meeting so quickly. As promised, below you will find the details for the meeting with Sec. Chao, Gov. Barbour, and Atlas Air that we are requesting for Thursday, June 1, at 4:30 PM ET.
Please let us know other available times that may work, as I know you mentioned Sec. Chao has an hectic day.

Meeting Request with U.S. Secretary of Transportation Elaine L. Chao
Date: Thursday, June 1st
Proposed Time: 4:30 PM ET (any time after)
Attendees:
Bill Flynn, President and Chief Executive

AMERICAN OVERSIGHT

Officer, Atlas Air (bio attached)
Camille Fleenor, VP of Government Affairs and Public Policy, Atlas Air
Governor Haley Barbour, Founding Partner, BGR Group
Jennifer Larkin Lukawski, Principal, BGR Group

Topics to Discuss: FAA reauthorization, Air Traffic Control privatization, Open Skies agreements
Atlas Air: Atlas Air is a global provider of long-haul, heavy-lift cargo which they transport via their expanding fleet of Boeing airplanes. Their chief operating hub is located at Cinncinati/Northern Kentucky International Airport (CVG), which allows them to more easily serve their largest customers, DHL and Amazon Prime.
For more information, please refer to www.atlasair.com <http://www.atlasair.com> .

Thank you again,

Brittany Baker
Associate
Office of Haley Barbour, Founding Partner

Thank you for the offer! We will come to DOT; he'll have a car and driver, and so it won't be a problem.

It's not a big deal... but as a heads up... one thing Gary will want to discuss is the proposed high-speed rail line between HOU and DAL. Gary K. met with Gary Cohn and DJ Gribbin back in March. TX HSR came up (unplanned) during the discussion, and Gary K. said he'd look into the issue, as there were two competing studies commissioned by the supporters and opponents of the planned route. So Gary K. asked for his own study. To date, we haven't taken a public position about the TX rail proposal.

Not sure if there's anyone in your office/department who could join the meeting? I'll leave it up to you. Again, it's not a big deal. But please note that Gary will probably raise HSR.

Another thing Gary will say is how appreciative he is of the Secretary and her staff (eg, you!) for taking such a strong leadership role regarding ATC reform. The slow pace of modernization is a longtime frustration of ours, despite the FAA's best efforts over many, many years.

Thank you again! We will get there a little before 1pm to clear security.

Hi Geof and Mike:

Would both/either of you have any time to meet with Gary Kelly (Chair & CEO of Southwest) late next week, if even for 15 minutes?

Available times:

June 8 at 5:15 <x-apple-data-detectors://0>
June 9 at 9am - 10:30am <x-apple-data-detectors://1>
June 9 at noon - 1:30pm <x-apple-data-detectors://2> .

Gary had a scheduling request to meet with the Secretary and/or Deputy Secretary during those windows, but it doesn't look like it will work out.

(b) (6)

I know Gary greatly appreciates Secretary Chao's leadership regarding ATC Reform!!!

Please let me know if you're available. Thank you!

Subject: RE: Preemption Determination - Hazardous Materials: New York City Permit Requirements for Transportation of Certain Hazardous Materials (PD-37(R))

Mark, please hold and let's discuss. I think it will probably be ok, but I'd like a couple of clarifications. I assume there is no reason this can't wait a few days? Thanks.

Subject: FW: Preemption Determination - Hazardous Materials: New York City Permit Requirements for Transportation of Certain Hazardous Materials (PD-37(R))

Good Afternoon,

Please find attached a preemption determination that PHMSA will be issuing. It relates to HAZMAT transporters in New York City. In addition to the preemption determination, a one-page briefer is also attached. It summarizes the issue well so I will not write a long e-mail summarizing the issue. The determination order has received all of the necessary PHMSA and OGC concurrences and has been approved by Mac. Anthony Bedell and I were briefed on it earlier this week.

(b) (5)

Please let me know if there is anything else you would like before the determination is

sent to ATA. It will be sent early next week.

Thanks!

Hi Geoff –

I hope you are well and enjoying the new job.

I have a quick schedule request for June 8th… Tim Romer (bio attached), who is the head of our Western Region Public Sector

AMERICAN OVERSIGHT

and Infrastructure group and the firm's lead policy expert on infrastructure issues, is in town and I wanted to see if you and other folks on your team have a few mins to meet with him.

By way of background, Tim is interested in discussing how federal initiatives can be leveraged to create more market-based solutions, including how to level the playing field for private sector involvement, streamline the regulatory and permitting process, including the selection of projects, and create more efficient vehicles for small and rural issuers to access capital.

Thanks for considering, Joe.

Good afternoon all!

Thank you, again, for your patience and participation with the Interagency Task Force on Agriculture and Rural Prosperity. Once again, this meeting will occur tomorrow, Thursday, June 15th at 10:00am-11:30am with a call time of 9:45am.

Logistically, upon arrival, I will be there to greet you and welcome you to USDA. Please find my cell number below (in signature) and feel free to give me a call or send me a text if you have any questions or concerns tomorrow morning. Next, I will have a team that will escort the principal or surrogate to the hold room, and staff to their seats on the Patio. Principals/surrogates will have the opportunity to gather their thoughts, use the restroom, etc. Secretary Perdue will join in the hold room, and then everyone will be escorted to the Patio to take their seats.

The attached document should give you a better idea of what this meeting will be about, will consist of, and what to expect. Should you have any questions, please do not hesitate to reach out.

Thank you,

Bethany

Importance: High

Ms. Gehring and Mr. Baum:

I am reaching out to you on behalf USDA Secretary Sonny Perdue following up on an invitation from the his office for the first meeting of the Interagency Task Force on Agriculture & Rural Prosperity this Thursday, June 15th from 10:00am-11:30am. The meeting will take place here, at the U.S. Department of Agriculture on the Whitten Patio. Our address is 1400 Jefferson Drive SW, Washington, DC.

If your cabinet member or agency head is not be to attend, a senior surrogate can stand in. Please let our scheduler, Bethany Hudson (Bethany.Hudson@osec.usda.gov <mailto:Bethany.Hudson@osec.usda.gov>), know as soon as possible whether your organization will be attending, and, if so, who that person will be along with their title and contact information. For security and planning purposes, it is imperative that we have complete information for all participants as soon as possible tomorrow, Wednesday, June 14th.

So that your organization does not miss the opportunity to be represented at the inaugural meeting of this Task Force directed by the President, Secretary Perdue hopes to see the Department of Transportation and the Council of National Drug Control Policy represented on Thursday morning as we begin the important work of bringing prosperity back to rural America.

Kindly,

Hi Geoff,

I hope things are treating you well in your great new role. I'd like to see if you'd have any availability for a short catch-up so I can give you a quick overview of a new company Ian and I have created to help friends in government with their web, graphic design, video, and advertising needs.

You can check out the basics at https://civigood.com/

I know you are swamped so happy to keep any time constraints that work for you.

Let me know if you'd have interest - thanks!

Subject: ATR dinner

Hi Geoff,

It was great to see you again last week at the ATR dinner. The Secretary is off to a fast start and it sounds like you have hit the ground running in your first few weeks on the job. If you recall, I spoke with the Secretary about an issue before NHTSA that she shared with the entire group at the end of the evening related to a proposed rule mandating vehicle-to-vehicle communications. The enclosed letter to Secretary Chao from several free market groups dated

AMERICAN OVERSIGHT

April 3 goes into some of our concerns with the process, but primarily that career bureaucrats have been moving forward on a very costly mandate without any input from the Secretary or any of her appointees. Here is an additional article from Automotive News <http://www.autonews.com/article/20170417/OEM06/170419865/federal-v2v-mandate-meets-growing-resistance> that further explains the situation. Finally, I've enclosed NCTA's filing in the docket, but a quick summary is below.

With all that in mind, I would like to request a meeting with you so that I can bring in my team to further discuss this critical issue. This is a top priority for the Association and thanks in advance for your consideration. I look forward to being in touch.

Best regards,

Justin Rzepka

Summary

Attached please find a copy of the comments filed today by NCTA - The Internet and Television Association regarding the National Highway Traffic Safety Administration's proposed rule mandating vehicle-to-vehicle communications.

In the comments, NCTA expresses concern that, as currently conceived, the V2V mandate could undermine the FCC's efforts to ensure that the 5.9 GHz spectrum band--currently used for V2V--is used most efficiently. The FCC has an open proceeding exploring whether to allow Wi-Fi and other unlicensed technologies to share the band while protecting V2V from harmful interference.

NHTSA's V2V rule could preclude spectrum sharing or result inefficient shared use, and its cost benefit analysis must consider the associated opportunity costs. The current cost analysis is deficient and must be corrected.

The comments also highlight the pitfalls of government

technology mandates and NHTSA's obligation to consider real regulatory alternatives, not just alternative ways to mandate one specific technology.

Traveling from France – wanted to update S1 on the growth of CMA CGM and discuss the transportation policy priorities of President Trump's Administration.

CMA CGM is based in Merseille, France and has become one of the leading container shipping companies in the world. The U.S. subsidiary, CMA CGM (America) LLC, headquartered in Norfolk, VA is now the #1 shipping container company in the country. CMA CGM group has 29,000 employees worldwide, services over 420 commercial ports, and generated $16 billion in revenue in 2016.

Subject: Meeting Request

Dear Jeff,

Congratulations on becoming Deputy Secretary! I'm sure it's been a very busy time and I hope all is going well. We've met a few times before and I hope you remember me. I am President of the American Highway Users Alliance, which represents about 300 different companies, AAA clubs, and non-profit associations that care about highway safety and mobility issues. We are also big supporters of investment in America's highways.

The Highway Users is part of an ad-hoc, unofficial coalition that supports streamlining the project delivery process. The group consists of us, AASHTO, ACEC, ARTBA, AGC, and AMPO. We've been developing some

AMERICAN OVERSIGHT

streamlining ideas that we hope might be helpful to you and would like to meet with you to discuss your ideas and ours.

Would you be available sometime in the next few weeks for a meeting with me and these groups? – again, the focus would be environmental streamlining.

Thanks for your consideration.

Best wishes,
Greg

Secretary,
Please see below. Delay in passing along is due to waiting for NSC process to play out so we'd have the best info to share with you and also with Mr. Parker.

If you'd like, I can offer S2 as surrogate for the call or schedule for next week.

Please advise.

Hi Wendy – I was given your contact information from our Government Affairs department, specifically, Howard Kass. I've been asked to schedule a call with Mr. Parker and Secretary Chao as soon as possible. Topic is Open Skies.

Please let me know when we can work to accommodate this call. Thanks and best regards, Dawn Street

Doug,

Due to hearings the week of 11 July, Deputy Secretary Rosen is going to have to delegate this meeting. James Ray, James Owens, or Loren Smith (all cc'd) will take the meeting in his place.

Thank you,
Carrie

Subject: Our Upcoming Meeting

Jeff,

Congratulations on your new position. I hope you are settling and enjoying DOT. I saw you attended the 5G meeting at the White House earlier this week—that sounds very exciting, especially to a spectrum geek like me.

As you may know, my colleagues and I are scheduled to meet with you on July 10th to discuss Ligado. We are looking forward to it and appreciate you making the time to see us. Given the extensive history between DOT and Ligado, I thought it might be helpful if my team met with your team in advance of our meeting. We could provide them with some information about that history, as well as the current status of the FCC proceeding, answer

AMERICAN OVERSIGHT

any questions they may have and set us up for a productive conversation on the 10th. Please let me know if you think this makes sense.

All my best,
Doug

Marianne and Geoff,

Thanks for making the time to meet next week. We should be able to keep this meeting to 30 minutes but wanted to talk through Cabinet Comms reports and what support we're seeking from agencies and what support we can provide. Please share this with any other appointees in the DOT Comms/Public Affairs shop (feel free to invite FAA or other sub agency appointees). Let us know who will be attending and we'll coordinate WAVES.

If you have any questions, please let us know.

Hey Geoff,

Hope things are well with you, and that you've settled in to the new job. Secretary Chao is lucky to have you on the team and we sure miss her. Wondering if you might have a few minutes for coffee of a phone call in the next week or so. It would be great to catch up and I wanted to share with you a project that was started by Rupert Murdoch's Chief of Staff late last year that might be of interest to you.

Let me know what works for you, looking forward to catching up soon,

Best,
Todd

Subject: NASFM Meeting Request with Secretary Chao

Hey Anthony,

I represent the National Association of State Fire Marshals (NASFM). The primary mission of the National Association of State Fire Marshals (NASFM) is to protect human life, property and the environment from fire and related hazards. Our members are an elite group who are the top Fire, Public Safety and Enforcement officials in each state. They are appointed by the Governor and are responsible for many issues related to the U.S. DOT. NASFM is the recognized leader of Pipeline and Hazardous Material emergency response and training throughout the

AMERICAN OVERSIGHT

country. We are involved with Rail and Trucking as it applies to public safety with hazardous materials, propane etc. Further, State Fire Marshals advise Governors and State Legislatures on fire protection policy, hazardous materials incident responses, and the regulation of natural gas and other pipelines.

When I was with Associated Builders and Contractors, Secretary Chao would invite our President and myself to DOL to discuss mutual issues of interest. We would like to set up a meeting with Secretary Chao to discuss NASFM and DOT issues of mutual interest and to become a valuable partner and resource to the DOT staff as you deal with many of the most important issues in the country.

Please let me know the appropriate way to request a meeting and any advice from you is always appreciated. Attached is a one pager on some of the issues NASFM members deal with on a day to day basis.

Thank you,
Bill

Subject: Meeting with S2 and FAA

Good morning Carrie

We spoke yesterday about scheduling a meeting for S2 Jeff Rosen and FAA. The meeting topic is Part 107 Airspace Waivers and Low Altitude Authorization and Notification Capability (LAANC). The attendees are Earl Lawrence, Jay Merkel, Bill Davis and Jim Stroiney. The purpose of the meeting is have a briefing/strategy session with the S2 on the airspace authorization subject.

Please reach out to me to discuss dates and

Hi Geoff—

I hope you had a great 4th of July.

Our head of AV policy, Al Prescott will be in town on July 18th/19th and I was wondering if you had a moment to sit down with us to talk about Tesla's priorities?

I know you're really busy, but wanted to reach out to see if this is possible.

Best,

Subject: July 25th Task Force Principals Breakfast

Good afternoon everyone!
As you know, on Tuesday, July 25th from 7:30am-9:00am we'll be having the Rural Prosperity Task Force Principals Breakfast here at USDA in the Lincoln Dining Room. For

AMERICAN OVERSIGHT

those that have already RSVP'd and are attending, I need to know a couple of things a) will you need parking, and if so, color/make/model of the car and b) any dietary restrictions your principal has. Our address is 1400 Jefferson Drive SW, Washington, D.C. 20250. Upon arrival, I, and a few others from our team, will greet your principal and escort them to the Lincoln Dining Room. This event will be closed press, however, we will send a press release out at the conclusion of the breakfast.

Many of you have asked who else is attending – here's our current list:
Secretary Price, Health and Human Services
Secretary Chao, Transportation
Secretary Carson, Housing & Urban Development
Andrew Bremberg, Assistant to the President for Domestic Policy
Paul Winfree, Domestic Policy Council
Mr. Lamont, Senior Official Performing Duties as the Assistant Secretary of the Army (Civil Works)
LTG Semonite, 54th Chief of Engineers, Commanding General of U.S. Army Corps of Engineers
Ray Starling, Special Assistant to the President for Agriculture, Trade, and Food Assistance

Additionally, you will find attached the agenda for Tuesday's working breakfast as well as the goals and strategies for the workgroups.

If you have any additional questions, please do not hesitate to reach out.
Thank you,
Bethany

Subject: S2 Briefing re Enabling Supersonic Air Travel Over Land

Carrie –

James Owens asked me to get in touch with you about setting up a briefing for S2 by the FAA on issues related to enabling supersonic air travel over land. He would like to schedule a one hour meeting with the following agenda:

(b) (5)

AMERICAN OVERSIGHT

(b) (5) [redacted]

Per James, OST invitees should include S2, James Owens, Matt Kopko, Derek Kan, Geoff Burr, and Judy Kaleta. Judy should limit OGC attendance to one or two people. FAA invitees should include Dan Elwell and Charles Trippe, who should then determine which two to three FAA staff members should attend.

Hey folks,

I am hoping to get us together to discuss the infrastructure booklet tomorrow. Marianne provided some feedback both on the graphics and the overall workstream.

Please let me know if you will not be able to attend, but wanted to sit down and discuss the early draft (attached) and get feedback from folks. I sent this late last week but resending.

Thank you very much.

Briefing Materials:
As Cal mentioned to the Secretary, the main purpose of the meeting would be to discuss a time sensitive problem rail tank car owners are experiencing with the rail industry's Tank Car Committee. ACC, API and TFI (and several other trades) filed a petition on this issue with the Department in August of 2016. I have attached some useful background on the topic at the bottom of the email, along with this link to our press release <https://www.americanchemistry.com/Media/PressReleasesTranscripts/ACC-news-releases/Rail-Shippers-Petition-to-Reaffirm-DOTs-Authority-over-Tank-Car-Safety.html> .

Subject: Hurricane Prep Meeting 8/16/2017 3:30 PM YOUR ATTENDANCE REQUESTED

Dot Political Appointees:

At the request of S1 we will be conducting a Hurricane Prep Meeting in the CMC on 8/16/2017 at 3:30 pm. S2, Senior Staff and other modal administrators will be in attendance.

Your attendance for this prep and information session is strongly encouraged. During this time we will receive briefings from S60 who handles our emergency plans and discuss further the departmental role in hurricane events.

As a follow up S60 will be conducting meetings with individual modes and departments to review their specific functions and you are encouraged to attend these meetings when they are scheduled.

There will not be a calendar invite to this event so please make the appropriate arrangements.

Subject FedEx Meeting Request re: Twin 33
Location S1 Conference Room - 1200 New Jersey Ave, Washington, DC

On Aug 9, 2017, at 10:05 AM, Lampkin, Marc S. <(b) (6) <mailto (b) (6) > > wrote:
Dear Geoff and Jim

I hope all is well.

We represent FedEx, who is a member of the coalition Americans for Modern Transportation. They along with many others, including the U.S. Chamber of Commerce, are supporting efforts that would allow Twin 33-foot tractor trailers on national highways – where twin-28 foot trailers currently operate and without adjusting the 80,000 pounds federal weight limit. I know Brian McGuire from our team has reached out, but I just wanted to close the loop. Would you all have

AMERICAN OVERSIGHT

time to meet with representatives from FedEx on this issue? If so, we are available anytime on 8/21 or 8/22.

I believe FedEx Founder and CEO Fred Smith has mentioned this issue to Secretary Chao before, we hope to use this meeting as an opportunity to provide a full briefing.

As I'm sure you are aware:

Updated trucking configuration policies to allow Twin 33 trailers to operate on interstate highways is critical to meeting the demand of modern consumers and businesses.
* Being constrained to 1982 policy prevents a modern transportation system that can meet current demand and overlooks the safety, efficiency, and sustainability gains of Twin 33 trailers.

Twin 33s are a supply chain solution and do not hurt competition.
* This policy change does not threaten truckload carriers' current operations or equipment. Instead, it allows for businesses to meet growing consumer demand for lightweight goods by adopting the latest technologies that improve shipping efficiency.
* The American Trucking Associations continues to support productivity improvements, including increasing the current minimum trailer length from 28 feet to 33 feet.
* The Association of American Railroads and many of their members are not opposed to changes is truck length. In fact, some AMT members are the railroad's largest customers.

Widespread adoption of Twin 33 trailers will improve safety, efficiency, and sustainability for all Americans.
* Twin 33s will enable fewer trucks to carry more goods. Recent analysis shows in 2014, Twin 33s would have reduced truck miles driven by 3.1 billion, thereby saving 4,500 lives lost to trucking annually.
* Twin 33s would have saved 53 million hours due to less congestion, 255 million gallons of fuel, and 2.9 tons of CO_2 emissions had they been allowed on interstate highways in 2014.

Contrary to some claims, multiple police groups support the widespread adoption of Twin 33s.
* Chuck Canterbury, President, National Fraternal Order Of Police: "To the extent that we can reduce the number of large, heavy

AMERICAN OVERSIGHT

trucks on our nation's highways, without a negative impact on commerce, we will make our roads safer and lessens the stress on our infrastructure. Using longer trucks may reduce the number of trucks in operation, which would make our highways safer and less congested."
* Bob Bushman, President, National Narcotic Officers' Associations' Coalition: "From our perspective, the benefit of this change is clear: as roadway freight shipments increase over time, the number of trucks required to carry that freight would increase at a slower rate than under the current policy limits. Slowing the growth in the number of truck trips while allowing for growth in freight shipments helps law enforcement on the side of the road -including the narcotic officers we represent."
* Brian Inman, President, Association of Montana Troopers: "It is a commonsense approach to improve productivity. By holding weight limits constant, there is no new risk to passenger vehicles. The increased cubic capacity of the twin trailers would allow up to 18 percent more freight to be carried by the same number of truck-trailer combinations. By reducing truck trips, we expect to see a dramatic decrease in accident rates over time."

Attached is a materials package on the benefits of Twin 33ft trailers. I've also attached a myths vs. facts documents addressing some of the misconceptions. Thank you in advance for your time and consideration.

Show Time As Tentative

Update: attaching the agenda

~~~~

All DOT non-careers are invited to an off-the-record panel discussion next week Thursday (Aug 24) at 11am, tentatively in the Lincoln Room.

Our panelists will be two external policy experts, Ron Utt and Veronique de Rugy (bios for each below). The topic is transportation policy, with an emphasis on infrastructure. We will issue an agenda for the panel prior to the

AMERICAN OVERSIGHT
~~~~

event.

Going forward, we hope to arrange such speaking events on a roughly bimonthly basis.

Disclaimer: this is an educational event. The views of our speakers will not necessarily align with the policies endorsed by the Department, and no specific endorsement of those views should be construed.

Bio for Ron Utt
Ronald Utt is an independent economic consultant and the author of a recently published book on the War of 1812 - Ships of Oak, Guns of Iron: The War of 1812 and the Forging of the American Navy.

Previously Dr. Utt was the Herbert and Joyce Morgan Senior Research Fellow at The Heritage Foundation where he wrote on housing, transportation, privatization, urban revitalization, land use, and growth management. In the 1970s, he was Director of the Housing Finance Division at HUD. In 1987, President Ronald Reagan appointed him to lead his efforts on privatization of federal activities.

He also served As Executive Vice President of the National Chamber Foundation where he created the Journal of Economic Growth, and the Journal of Regulation and Social Costs. In the early 1990s he served as an economic consultant to governments in Russia, Bulgaria, Romania, Latvia, Lithuanian, Estonia and Slovakia. He is editor of the books 21st Century Highways, How Privatization Can Solve America's Infrastructure Crisis, and A Guide to Smart Growth: Shattering Myths, Providing Solutions.

Utt holds a doctorate in economics from Indiana University and a bachelor's degree in business administration from Penn State University.

Bio for Veronique de Rugy (retrieved from here <https://www.mercatus.org/veronique-de-rugy>)
Veronique de Rugy is a Senior Research Fellow at the Mercatus Center at George Mason University and a nationally syndicated columnist. Her primary research interests include the US economy, the federal budget, homeland security, taxation, tax competition, and financial privacy. Her popular weekly charts, published by the Mercatus Center,

AMERICAN OVERSIGHT

address economic issues ranging from lessons on creating sustainable economic growth to the implications of government tax and fiscal policies. She has testified numerous times in front of Congress on the effects of fiscal stimulus, debt and deficits, and regulation on the economy.

De Rugy is the author of a weekly opinion column for the Creators Syndicate, writes regular columns for Reason magazine, and she blogs about economics at National Review Online's the Corner. Her charts, articles, and commentary have been featured in a wide range of media outlets, including the Reality Check segment on Bloomberg Television's Street Smart, the New York Times' Room for Debate, the Washington Post, the Wall Street Journal, CNN International, Stossel, 20/20, C-SPAN's Washington Journal, and Fox News. In 2015, she was named in Politico Magazine's Guide to the Top 50 thinkers, doers and visionaries transforming American Politics.

Previously, de Rugy has been a resident fellow at the American Enterprise Institute, a policy analyst at the Cato Institute, and a research fellow at the Atlas Economic Research Foundation. Before moving to the United States, she oversaw academic programs in France for the Institute for Humane Studies Europe. She received her MA in economics from the Paris Dauphine University and her PhD in economics from the Pantheon-Sorbonne University.

Subject: Re: Travel Plan Meeting with Derek and Geoff

Dear Derek and Jeff,

I am following up to see if we can schedule a meeting tomorrow regarding international travel policy. The

AMERICAN OVERSIGHT

modes will soon begin to schedule meetings with S2, Chief of Staff and X to discuss their annual travel plans. We wanted to discuss the current policy and how it works and see about any changes you may want before the meetings are set up. The plans are due on September 1. Thank you. Julie

Subject: FW: Travel Plan Meeting with Derek and Geoff

Derek/Geoff:

It is yearly international travel plan time again. Julie and I would like to schedule a meeting with both of you to go over the process as it currently stands and take on board questions and changes you may wish. In brief, what basically happens is that each mode completes a travel plan (using a uniform template); it is submitted to X and we schedule a meeting between the Administrator (or highest official responsible) and the COS and Assistant Secretary to explain the proposed trips and how they support the mission. The plans include ALL international travel regardless of level or purpose. After the broad plan is approved, the majority of the travel is then administered by the mode. Individual trip requests by most non-careers and upper level SESs or groups of 7 or more, have to be submitted again to the Assistant Secretary and the Chief of Staff for affirmative approval.

I am sending out a reminder to the Administrators indicating that travel plans are due in September and meetings will be set up as we receive the plans. Some in the modes are unaware of the process and may raise it with you. We are happy to brief them too but their staffs should know the drill quite well.

AMERICAN OVERSIGHT

Attached is the current international travel policy memo, signed by a former COS, that lays out the process. We will also bring to the meeting sample copies of travel plans and other documents relative to clearing international travel.

If this meeting could be scheduled for Monday, that would be optimal, otherwise as soon as thereafter.

Thanks.

Susan

THE WHITE HOUSE
WASHINGTON

CUT THE RED TAPE
Liberating America from Bureaucracy
October 2, 2017
11:00 AM – 3:00 PM

AMERICAN OVERSIGHT

Presidential Participation: East Room
Listening Sessions: At Agency Locations
Christopher Liddell, Mick Mulvaney, Neomi Rao, Andrew Bremberg

I. PURPOSE

To showcase the Administration's strategy for regulatory Reform, and significantly increase the pace of reform across the entire federal government.

II. BACKGROUND

Within the first ten days of his presidency, President Trump signed an Executive Order aimed at rolling back regulations, fulfilling one of his campaign pledges. As part of this Executive Order, the Office of Information and Regulatory Affairs (OIRA) is working through the Federal Register with agencies to remove redundant and ineffective regulations.

The event will provide the opportunity for all agencies to work with external regulatory experts and groups to accelerate regulatory reform and ensure the EO's requirements are being met. The focus will be on the process of regulatory reform, not specific regulations.

(b) (5)

Each designated agency will host an open-to-the-public forum to present an update of the agency's regulatory reform actions thus far, plan going forward, and answer questions regarding the ways effective reform can be accelerated.

PART 1: POTUS SPEECH

III. PARTICIPANTS
Internal
The President
The Vice President
Cabinet Secretaries / Deputy Secretaries and their Regulatory Reform Officers
Mick Mulvaney
Neomi Rao
Jared Kushner
Ivanka Trump
Andrew Bremberg
Chris Liddell
Julie Radford

AMERICAN OVERSIGHT

External
Approximately 250-300 external regulatory experts from think tanks, industry groups, universities, companies, and state governments.

IV. SEQUENCE OF EVENTS

11:00 AM – 12:00 PM The President will launch the event with a speech on regulatory reform

Geoff, good seeing you the other day. Hope everyone got the right shoes. Question for you – the PA GOP delegation gets together once a month for dinner and Shuster would like to invite the Secretary to stop by the next dinner if possible. Time commitment is 15-20 minutes tops. The next dinner is Oct. 2 at 7:00 PM. Exact location is TBD but somewhere close to the Capitol. Is this something that the Secretary would be interested in and if so does Oct. 2 work?
Thanks

As requested, I've attached our program agenda and a list of participants – I hope this helps.

Just as a reminder, this event takes place in SH-902 and is not open to the press although, most attendees will have smartphones so, they may post to social media during the day. I will greet the speakers and advance staff in the foyer just outside the SH-902 elevators, escort them to the front of the room where they will join Senator Reed at the head table. There will be a podium and microphone next to the head table. Senator Reed will introduce them to the group of 120 Rhode Islanders, they will speak and then take questions (as many or as few as they would like) – Senator Reed will moderate the Q&A. Audience questions will not be submitted ahead of time but they're historically based on the contents of the speech, something that has arisen earlier in the day, and occasionally an issue someone has had with a specific agency.

If you have any questions, please don't hesitate to email or call me. My direct line is (b) (6) and if you need to reach me the day of the event, my cell is (b) (6)

__

Thank you for reaching out. Senator Reed would like to invite to speak at his annual Rhode Island Business leaders Day on Wednesday, October 4th. Currently, the following 30-minute speaking slots are available but I'd be happy to look at alternate times to try to accommodate her busy schedule: 11:00am-11:30am; 12noon-12:30pm; and 3:30pm-4:00pm.

Here are some event details for your planning purposes: The audience is comprised of about 120 Rhode Island business owners, nonprofit leaders and a few state government officials and they'll hear from a bipartisan list of Senators as well as journalists and Administration officials throughout the day. The event will be held in SH-902 and I will greet the speakers and advance staff in the foyer just outside the SH-902 elevators, escort them to the front of the room where they will join Senator Reed at the head table. There will be a podium and microphone next to the head table. Senator Reed will introduce the Secretary to the group and moderate the Q&A. She can speak on whatever topic she chooses and can take as many or as few questions as she would like during her 30-minute time. The event is closed to the press but most attendees will have smartphones so, they may post to social media during the day. There will be no press releases, Facebook posts, blogs, tweets, etc. from our office prior to this event and the program booklet will be handed out to the attendees upon their arrival to SH-902. The program is still a work in progress but I will send you the list of additional speakers as well as the attendees list as soon as

Time All Day
Subject CoS Dinner
Show Time As Free

Dear Geoff,

Thank you so much for agreeing to participate in our inaugural Washington Chief of Staff Dinner on Thursday, October 12th at Charlie Palmer Steak. We have hosted a couple in New York over the past few months and they have proved to be insightful and informative. As our team in DC has already mentioned, you will be on a panel to discuss the nature of the Chief of Staff as well as broader topics relating to Washington, business and the

AMERICAN OVERSIGHT

media. We'd like the evening to be conversational and collaborative, so welcome any input and ideas and are happy to veer off the script, so to speak.

Thanks for agreeing to share your expertise and we look forward to hosting you on October 12th. I will send you a few sample questions next week to ponder in advance of the dinner. Please let Jamie McCauley (copied here) know if you have any questions or concerns.

Best,
Anoushka

Dear Geoff,

Thank you so much for agreeing to participate in our inaugural Washington Chief of Staff Dinner on Thursday, October 12th at Charlie Palmer Steak. We have hosted a couple in New York over the past few months and they have proved to be insightful and informative. As our team in DC has already mentioned, you will be on a panel to discuss the nature of the Chief of Staff as well as broader topics

AMERICAN OVERSIGHT

relating to Washington, business and the media. We'd like the evening to be conversational and collaborative, so welcome any input and ideas and are happy to veer off the script, so to speak.

Thanks for agreeing to share your expertise and we look forward to hosting you on October 12th. I will send you a few sample questions next week to ponder in advance of the dinner. Please let Jamie McCauley (copied here) know if you have any questions or concerns.

Best,
Anoushka

Background:

The information technology council is a trade association representing 60 of the world's largest tech companies. The CEO is Dean Garfield. They describe themselves as advocates for smart transportation, smart cities, AVs, and automotive cybersecurity

"ITI's member companies are actively developing technologies that are integrated into nearly every facet of our transportation sector, and are at the cutting edge of new emerging technologies, such as autonomous vehicles and unmanned aerial vehicles. From addressing cybersecurity in our nation's transportation systems and vehicles to making our roadways safer and more efficient through autonomous and connected vehicles, the priorities of the DOT are the priorities of the technology sector and we look forward to

AMERICAN OVERSIGHT

creating a dialogue with you. ITI looks forward to working with you to develop and enact policies that harness the numerous benefits technology companies bring to the transportation sector, and we hope to meet with you soon to discuss our shared priorities.

Background:
"The Trustees prefer a more informal arrangement asking speakers to join them at the board table in a discussion format. We would like Secretary Chao to touch on a wide range of topics of her choosing such as her perspectives on the current political and policy landscape.

Hello Elle,

Given the schedule of speakers already confirmed for the day and the logistics of travel for the board, it will necessitate that the location of the meeting schedule remain at the Fidelity office for the day.

Please let me know if the currently scheduled time for Secretary Chao to join the board is still acceptable.

AMERICAN OVERSIGHT

Thank you,

Berni

Subject Transportation Speaker Series feat. Randal O'Toole and Alan Pisarski
Location Lincoln Room (9th floor)
Show Time As Tentative

Refreshing on this invite for next week.

The next edition of the Transportation Speaker Series will be held on Tuesday, October 24, from 11am to noon. All non-careers are invited to attend, and we will again gather on the 9th floor, in the Lincoln Room.

Our guest speakers for this off-the-record panel discussion will be Randal O'Toole and Alan Pisarski (bios below).

Topics
-infrastructure finance
-transit policy, particularly bus vs rail travel
-transportation policy and planning

Disclaimer
This is an educational event. The views of our speakers will not necessarily align with the policies endorsed by the Department, and no specific endorsement of those views should be construed.

AMERICAN OVERSIGHT

Randal O'Toole is a senior fellow with the Cato Institute specializing in land-use and transportation policy. He has written five books, including Gridlock: Why We're Stuck in Traffic and What to Do About It, and numerous papers on highways, transit, Amtrak, and related issues. Prior to working for Cato, he taught environmental economics at Yale, University of California Berkeley, and Utah State University. He is a full-time resident of Oregon and only comes to Washington DC when he absolutely has to.

Alan E. Pisarski led the U.S. Department of Transportation's Policy Information Program serving the Secretarial Officers in DOT's formative years. Many of the programs he initiated are ongoing today. He has represented the US in statistical program matters at the UN, OECD, NAFTA, and other international agencies.

His national series Commuting in America has been published since the 80's. His Bottom Line series on National Investment Requirements for the Congress has been produced for AASHTO for each Surface Transportation reauthorization since 1988. He has testified before Congress frequently, and participated in every major national transportation policy document since DOT's creation. He served in the Policy and Transition teams of Ronald Reagan, George W Bush, and Donald Trump. He was named by the American Road and Transportation Builders Association as one of the top 100 in the field in the 20th century.

I wanted to follow up with you on the note I sent a couple of weeks ago.

We would appreciate the opportunity to come and meet with you or the appropriate person at DOT regarding a driver apprenticeship program for drivers under 21. As you are likely aware, our members are having significant difficulty finding drivers and creating the ability to bring driver under 21 safely into the industry would at least help.

Let me know if there is a time we could come by to talk to you about this.

Akilah,

Unfortunately, Deputy Secretary Rosen is unable to take this meeting. However, he would like to offer Geoff Burr (Chief of Staff, to the Secretary) as his surrogate. I have cc'd his assistant, to move forward in getting this scheduled.

Thank you,

Carrie Baker

Location Deputy Secretary's Conference

Attachments dot -- secretary meeting agenda, 11-17.docx

Show Time As Busy

*Mr. Leach will be traveling from TX for this meeting. His scheduler has reserved 2:00pm – 5:00pm on his calendar for this meeting.

Staff: G Burr
Attendees: Ted Knappen – Gov Affairs Rep
Contact: Bob Schwarz (b)(6)
Liz Hood (b)(6)

Dave Leach, CEO of Greyhound Lines, Inc., Dallas, TX will be in town. Greyhound operates the only nationwide network of intercity bus service in the United States. Would Secretary Chao have some time available to meet with Mr. Leach?

The purpose of this meeting would be to talk about implementing provisions of the FAST Act that affect Greyhound, regulatory reforms, and public-private partnership ideas for the new infrastructure bill. Mr. Leach would very much like to discuss these issues with the Secretary. Our issues cross multiple modal administrations and we'd welcome participation from FHWA, FTA, FRA, NHTSA, and FMCSA at this meeting.

Elle,

I hope this finds you well. I am following up on Secretary LaHood's meeting with Secretary Chao earlier this summer on the WMATA

AMERICAN OVERSIGHT

review we have been conducting. We are getting close to finalizing the report and Secretary LaHood would like to meet briefly with Secretary Chao next week (Tuesday-Thursday) before the report is released. I release her time is in high demand so if a meeting is not possible a brief phone call any time before next Friday would be fine. We also met with Deputy Secretary Rosen on this issue so given the tight timeframe of this request we are happy to meet with the Deputy Secretary as well. We just want to make sure Secretary Chao and DOT have been adequately briefed before anything is released.

I can be reached by email or cell if you have any questions.

Thank you in advance for your help connecting them next week.

Best,

Joan DeBoer

POC: Rita Bibbs-Daniels, (b) (6) .

Attendees:
Jack Gerard, President and CEO of API
Robin Rorick, API- Group Director of Midstream

Jack Gerard, President &CEO of American Petroleum Institute (API)
Jack N. Gerard is president and CEO of the American Petroleum Institute, the national

AMERICAN OVERSIGHT

trade association that represents all aspects of America's oil and natural gas industry.
Mr. Gerard has led API since November 2008, expanding its membership and influence in all 50 states and globally, with offices in Dubai, Singapore, Beijing, and Rio de Janeiro. API's Washington presence is the foundation for the oil and natural gas industry's advocacy and outreach at state, federal and global levels on public policy, standards and certification programs, and as the source for information on industry best practices.
Currently, API's mobilization program is a more than 40 million strong advocacy nationwide network that can mobilize supporters in all 50 states and in 435 congressional districts.
As the industry's national trade association, API has more than 625 members. They range from the largest major oil company to the smallest of independents and represent all segments of the industry.
Mr. Gerard is recognized by numerous publications and his peers as one of Washington's most influential advocates, including Washington Life magazine, which named him one of the city's "Power 100."
Prior to joining API, Mr. Gerard served as president and CEO of the American Chemistry Council, and earlier held the same position at the National Mining Association. Mr. Gerard also spent close to a decade working in the U.S. Senate and House. He came to Washington in 1981, and worked for Rep. George Hansen. He also worked for Sen. James A. McClure, who chaired the U.S. Senate Energy and Natural Resources Committee.
Sen. McClure retired in 1990, and Mr. Gerard joined him in founding McClure, Gerard & Neuenschwander, Inc., a Washington, D.C.-based government relations consulting firm. Mr. Gerard served as chairman and chief executive officer and focused on issues such as international sports, telecommunications, energy and mining.
He serves on the Advisory Board and is a past chairman of the National Capital Area Council - Boy Scouts of America, is a board member and former co-chair of The George Washington University's Graduate School of Political Management, and is chairman of the board of directors for the Congressional Coalition on Adoption Institute.
Mr. Gerard was born and grew up in Idaho. He holds a bachelor's degree in political science and a juris doctor from George Washington University. Mr. Gerard lives in

AMERICAN OVERSIGHT

Virginia with his wife, Claudette. They have eight children, including twin boys the family adopted from Guatemala.

Location Department of the Treasury, 1500 Pennsylvania Ave., N.W., Washington, D.C. 20220
Show Time As Busy

Good morning everyone,

This is a reminder that tomorrow's Agency Chiefs of Staff Meeting will take place at the Treasury Department. If you or your principal plans to attend, please send their WAVES information to Patricia.McLaughlin@treasury.gov <mailto:Patricia.McLaughlin@treasury.gov> and give me a heads up as well. Your White House or agency badge will not be sufficient to gain entry to the building.

Treasury Department address is:
1500 Pennsylvania Ave NW
Washington DC 20220

**All guests should enter through the Gallatin entrance. If you are facing the White House, this entrance is on the left hand side across from PNC and Bank of America. To access the building, all attendees will need to present an acceptable form of ID (Driver's License, Passport, State Issue ID, etc.)

The meeting will be held in the Secretary's large conference room on the 3rd floor in room 3327.

Let me know if you have any questions! Patricia can be reached at (b)(6) tomorrow if you have any issues getting into the building.

Thanks,
Emily J. McBride

Hey folks,

(b) (5)

From Amtrak will likely be their CFO, Chief Commercial Officer, and COO to walk through their plans. Tony Coscia, their Chairman will likely join as well.

Please email Roni (cc'd here) if you are interested in attending and we'll get a conference room for all of us. Happy to answer any questions. Thanks a lot.

Subject HAPPENING NOW: Transportation Speaker Series: Mike Gallagher, Entertainment Software Association
Location Lincoln Room
Show Time As Tentative

The next edition of the Transportation Speaker Series will be held next week Friday, December 15, from noon to 1pm. All non-careers are invited to attend, and we will again gather on the 9th floor, in the Lincoln Room.

Our guest speaker for this off-the-record discussion will be Mike Gallagher, President and CEO of the Entertainment Software Association (bio below).

Our discussion will center around virtual reality, augmented reality, and how technology could affect transportation.

Bio for Mike Gallagher (online here <http://www.theesa.com/wp-content/uploads/2017/07/Michael-Gallagher.pdf>)

Michael (Mike) D. Gallagher is president and CEO of the Entertainment Software Association (ESA), the trade association representing U.S. computer and video game publishers.

Mr. Gallagher joined ESA in 2007. Under his leadership, the association is transforming the perception of video games by demonstrating the influence of entertainment software on

AMERICAN OVERSIGHT
~~~~

areas of daily life such as education, health, and the workplace. In particular, ESA has heightened awareness and appreciation of the value of video games as next generation teaching tools, and their increasing impact on classroom learning. Mr. Gallagher's accomplishments include ESA's co-founding of the Games, Learning and Assessment Lab (GlassLab) – a ground-breaking collaboration among ESA, Institute of Play, Electronic Arts, Educational Testing Service, Pearson's Center for Digital Data, Analytics & Adaptive Learning as well as The Bill and Melinda Gates Foundation and The John D. and Catherine T. MacArthur Foundation – to research and develop digital game-based learning and assessment tools. In addition, he spearheaded ESA's involvement in the Active Play Presidential Active Lifestyle Award (PALA+) Challenge, a joint effort with the President's Council on Fitness, Sports & Nutrition that leverages active video games to encourage physical activity and good nutrition among America's youth.

Mr. Gallagher also manages ESA's outreach to federal and state government officials, helping to foster a vibrant operating environment for the video game industry and serving as the industry's voice on issues including intellectual property, content protection, and e-commerce. Additionally, he leads ESA's collaboration with the Congressional Caucus for Competitiveness in Entertainment Technology (E-TECH Caucus), which educates federal policymakers about the economic, educational, and social benefits of interactive entertainment technology.

In 2011, Mr. Gallagher spearheaded the video game industry's defense of its First Amendment rights in the Supreme Court case Brown v. EMA/ESA. The ruling struck down a 2005 California law that would have regulated the sale and rental of computer and video games based on their content, and affirmed that games are expressive works entitled to the same constitutional protections as other forms of art and entertainment.

Since joining ESA, Mr. Gallagher has continued to enhance the Electronic Entertainment Expo (E3), the premier global trade show for the computer and video games industry. Mr. Gallagher revitalized E3, greatly expanding the size of the show; reopening it to all video game industry professionals, investor analysts, journalists, and retailers; and adding new

AMERICAN OVERSIGHT

features such as an Online and Mobile Game Pavilion. E3 2013 drew more than 48,000 attendees from 102 countries.

Mr. Gallagher frequently appears as the public face of the industry and regularly serves as an expert resource for major media outlets, including CNN, Associated Press, The New York Times, The Washington Post, The Wall Street Journal, C-SPAN's "The Communicators," NBC News, and CBS News. He has spoken at numerous events and forums such as the Aspen Ideas Festival, the Washington Ideas Forum, The Media Institute's Communications Forum, and Games for Change.

Under Mr. Gallagher's leadership, ESA has won numerous awards for their communications efforts. In 2013, ESA received Bulldog Reporter's Gold Award for Best Use of Digital/Social in an Arts/Culture/Entertainment Campaign for the association's digital and social media outreach around E3 2013 and the next generation console reveals. In 2012, ESA received the Public Relations Society of America - National Capital Chapter's Thoth Award for Issues Management in recognition of ESA's public relations work around Brown v. EMA/ESA.

Mr. Gallagher has also been instrumental in the growth of the Entertainment Software Association Foundation (ESAF), the video game industry's philanthropic arm. Since its inception, ESAF has raised more than $12 million to provide scholarships to women and minority students pursuing game-related degrees, and award grants to educators and nonprofit organizations that leverage entertainment software to create positive social impact in our communities. ESAF also partners with Children's Miracle Network Hospitals (CMN Hospitals) to host Extra Life, a 24-hour video game marathon that raises funds for medical equipment, treatment, and research at CMN Hospitals. In 2013, Extra Life raised a record $4.1 million – more than its total fundraising for the previous five years.

Previously, Mr. Gallagher was the U.S. Department of Commerce's Assistant Secretary for Communications & Information, serving as chief telecommunications and Internet policy advisor. During his tenure at the Department of Commerce, he led successful efforts to pave the way for spectrum based technologies and services, and developed and successfully advocated the U.S. government's policies on

AMERICAN OVERSIGHT

international Internet governance. Mr. Gallagher also served as Communications Practice chair at leading international law firm Perkins Coie, during which time he co-authored, “21st Century Communications Systems for First Responders: The Right Call,” which offered spectrum policy recommendations and championed the private sector's role in enhancing our nation’s public safety communications infrastructure.

Several organizations recognized Mr. Gallagher’s leadership in telecommunications and technology issues. He received the Telecommunications Industry Association’s “Spirit of Innovation” award in 2005 and the Wireless Communications Association’s “Leadership in Government” award in 2006. He was also recognized by former Secretary of Commerce Carlos Gutierrez in 2006 for his distinguished leadership in government service.

Mr. Gallagher holds degrees in Economics and Political Science from the University of California, Berkeley and a Juris Doctor from the University of California, Los Angeles. He serves on the Advisory Board for the Guildhall at Southern Methodist University and Spectrum Bridge, Inc. Mr. Gallagher also serves on the Boards of Directors for the Academy of Interactive Arts & Sciences and the Publishing Advisory Board of Sesame Street.

Great, thank you.

Please find attached a map detailing access to the Capitol building through the South Door entrance. They will need to mention to the officers they have a meeting in the Speaker's office, H-232. Once inside and through security they will be directed to our office on the 2nd floor where our front desk staff will check them in.

Let me know should you have any additional questions or concerns.

Warm regards,

I just got a call from NTSB Chairman's office. They want to know if S1 would like an update on the investigation…probably over the phone.

I'll get it coordinated and scheduled if you think it's a good idea.

Can you please send around a dial in for a 9 AM ET conference call tomorrow morning? Also, can you please open the line a couple of minutes before. The title would be "Preparation for Detroit Auto Show meetings with Secretary."

AMERICAN OVERSIGHT

Also, can you please send me the invite separately because I'm going to send to Mitch Bainwol, David Schwietert from the Auto Alliance and Steve Gehring from Global. They will likely participate.

For visibility, everyone on the cc line is optional only but given how fast this event is coming up, I'd like to make sure anyone who may have an equity is aware. In short, we're going to layout the Exec Roundtable format then the format of the 1:1s. We'll also spend time answering any questions participants have.

Thanks a lot.

Subject: Follow-up

Jeff, Geoff...

Happy New Year. I do hope that you both managed to get some downtime - much deserved. 2018 is quickly shaping up to be a busy year. We're back at it and preparing for the spending bill and infrastructure.

In advance of that, I wanted to follow-up on our previous exchange about meeting with me and my EVP for Advocacy, Bill Sullivan, regarding deregulation. We'd welcome the opportunity to discuss several issues, including: F4A, speed limiters, 18-21 year-old drivers, credentialing, side under-rides and V2V and V2X connectivity to name a few. While it appears that DOT has weighed in on minimum insurance and sleep apnea, we're happy to toss those into the discussion as well.

Let us know if such a discussion can occur in the coming days.

Thanks,

Chris

Background

S&P Global and Infrastructure

S&P Global researches, rates, and reports on thousands of infrastructure projects across the globe. We support Congress approving an infrastructure package that increases infrastructure investment in the U.S. both through robust and stable federal funding and the encouragement of greater private investment.

We have found that public-private partnerships are beneficial for a wider array of projects than is perceived – they often allow the public to share risk, reduce costs, capture new sources of revenue, and accomplish more projects more quickly.

We have also found that while increased pressure on government budgets means public funding alone is unlikely to meet our infrastructure needs, there is a tremendous amount of interested private capital looking for the type of stable, long-term investments that infrastructure can provide.

Hi all,

Carrie is figuring out schedule for the themes round 2 meeting, but in the interim, as promised at the meeting, I am kicking off an email thread so people can provide feedback / additional suggestions on the brainstorming at today's meeting. Here are concepts I saw verbalized:

* Innovation
* Helping the economy
* Competence (effective, execution, impact)
* Connectivity
* Rural America
* "effectively enabling innovation and economic growth"
* "planning for transformation" or "advancing transformation"
* "building the foundation for a new era of American greatness"
* "rebuilding and re-imagining transportation"

Subject: Update on potential lapse

TO NON-CAREER STAFF ONLY: Please disregard any furlough notices you may have received. All determinations regarding noncareer exempted employees will be communicated on Monday. Thank you.

Dear Non-career Colleagues,

As we continue to stay hopeful that an agreement can be reached to continue funding the government beyond midnight tonight, we recognize that a lapse remains a very real possibility. If an agreement is not reached tonight or over the weekend, please plan to meet at 9 a.m. on Monday morning in the Lincoln Conference Room, where we will provide further guidance.

Thank you for your patience and understanding.

Good evening, team-

Thanks for the discussion today. We really appreciate your continued help as we come to the best policy. As discussed, we would like to get additional thoughts from you on alternatives to the current proposal.

Does 3:00pm on Monday work for everyone? I can set up a call-in number.

Thanks!

Hi Marianne and Geoff,

Sarah Sanders would like to invite Sec. Chao to join her at the top of a White House press briefing on Monday (2/12) at 1 p.m. or Tuesday (2/13) at 2 p.m. in the WH Press Briefing Room? Sarah will present the President's 4th quarter salary check to her. Sec. DeVos, Sec. Zinke and former HHS Acting Sec. Hargan have participated in these before. Sec. Chao can make some brief remarks but is not expected to take questions.

Logistics: When you arrive, Erik Hansen will meet you in the lobby of 1100 New York Ave. NW and escort you up to U.S. Travel's offices. Erik can be reached at (b)(6) or ehansen@ustravel.org <mailto:ehansen@ustravel.org> if any issues come up on the day of the event.

Overview – U.S. Travel Wash Reps Meeting: The U.S. Travel Association holds a meeting once a month with the Washington D.C. representatives of various companies and trade associations that are in the travel industry. Attendees typically include Disney, American Express, Marriott, Orbitz, American Gaming Association, and the American Hotel and Lodging Association. We expect 30 to 35 attendees and believe they will be interested in hearing about transportation, aviation and infrastructure issues. Key topics could include the administration's infrastructure proposal, international aviation and opportunities for the travel industry to partner with DOT in 2018. Your portion of the agenda would be around 30 minutes, with about 15-20 minutes of remarks and 10 minutes of Q&A.

Derek,

Financial crisis wasn't fun, but we did show that Washington works.

Is there any time on Monday or Tuesday that works? Tuesday afternoon would probably be best.

Best Regards,

Jim

Subject: Infrastructure Cabinet Chiefs Meeting
Thursday, March 8 at 10:30 AM
Good afternoon everyone,
As I mentioned in our weekly Agency Chiefs meeting this morning, the next Infrastructure Cabinet Chiefs Meeting will be this Thursday, March 8 at 10:30 AM in the Secretary of War Suite (EEOB 230A). Deputy Cabinet Secretaries are welcome to attend.
As usual, this meeting is for Chiefs of Staff, Comms leads, and Policy leads representing each department and agency in our Infrastructure Cabinet. Please make sure this

Show Time As Busy

Good afternoon,

We are delighted you will be joining us at the St. Patrick's Day Reception on Thursday, March 15, 2018 at 5:00 p.m.

Please carefully read the information below to ensure there are no delays in the entry process.

We have attached access details for the Southeast Gate, located at 15th Street and Alexander Hamilton Place, NW. Gates will open at 4:00 p.m. and no guests will be permitted after 5:30 p.m.

On arrival, acceptable forms of identification include a valid United States driver's license, or a valid passport from another country. A foreign driver's license is not considered acceptable identification for entry. Any discrepancy between the information provided and the information stated on your government-issued ID will delay the entry process.

Business attire is suggested.

Thank you for your assistance, and we look forward to hosting you at the White House.

Sincerely,

The White House Social Office

Good Afternoon:

Mr. Anderson and U/S Kan meeting will be Monday at 3pm DOT HQ, if Deputy Secretary Rosen schedule permits he may be able to join the meeting.

AMERICAN OVERSIGHT

For your information, the USDOT Headquarters' Building is located at 1200 New Jersey Avenue, SE. The nearest Metro station is Navy Yard (on the Green Line going towards Branch Avenue).

USDOT Headquarters consists of a West Building and an East Building. There is a West main entrance, near Starbucks (New Jersey Avenue, SE & M Street, SE) and an East entrance (4th Street & M Street) with Security at every entrance.

**The meeting will take place in the WEST Building in the Office of the Under Secretary of Transportation for Policy. Please be sure to enter the West main entrance on 1200 New Jersey Avenue, SE.

Please arrive at least 5-10 minutes before the meeting time in order to clear the security process.

Once at DOT, ask Security to call our office 202-366-4540 or 202-366-4544, so we can have someone escort your group to our office suite.

Please feel free to contact me if anything should change or if you have any questions/concerns.

Sincerely,

Shomaila Sharif
